This notice is to make you aware that on August 4, 2023, the Sharyland Water Supply Corporation Board of Directors approved water rates changes to be effective on your **December 2023** water bill.

These rate adjustments are necessary to cover increases in the general operations cost, maintaining and repairing the water utility system, debt service on multiple water line relocation projects due to Tx DOT road widening efforts, thus protecting the financial integrity of the corporation.

Below is a comparison of the current rates and new rates effective on the **December 2023** water bill.
